

St. John Ambulance Therapy Dog Program:

The St. John Ambulance **Therapy Dog Program** is a (no-cost) SJA - **Community Service** provided by community volunteers (Certified SJA Therapy Dog Teams – handler & dog).

How the tree reflects the views of the Organization:

- * The tree is decorated with 'uniformed' (plush) dogs.
- * The tree also has photographs of our teams (naming the dog / facility or event)
- * Dog bones – the delight of all of our dogs.
- * Bows and ribbons – and the joy of season and of giving – the very motive of a Therapy Dog visit ' Joy and Goodwill'.
- * Lights – representing how the eyes of the patients, residents, children 'light up' when they see their Therapy Dog arrive.
