

Fraser Valley Humane Society:

The Fraser Valley Humane Society has been opened since 1999. The FVHS works to eliminate the endless suffering of strays and abandoned cats in our community. Our no kill centre provides a humane approach to animal welfare.

Our tree reflects that we are a cat shelter and that we look after unwanted cats that we want our cats to find a home, Decorations have pictures of cats currently available for adoption and pictures of cats who have found their fur-ever home. Also on decorations is the FVHS symbol of a paw within a hand and our mandate words SPAY NEUTER ADOPT. We have added stuff toy cats to symbolize our shelter. Decorations are both handmade and hand decorated.
